**Installation**

Remove the magnetic strip from the bottom of the Dura Plus.

Using a pencil and ruler, carefully mark out the desired location for the magnetic mounting strip.

Remove the paper protecting the adhesive on the back of the magnetic strip and stick it into your desired position.

Remove the two end-caps and insert four AAA batteries.

Slide the end-caps back into position.

Attach the Dura Plus to the magnetic strip.

**Function**

**PIR Sensor**

The PIR sensor will sense any movement within the detection range and trigger the light source.

**Detection Range**

**PIR Sensor - Time Control Switch**

**Left** - Sets the timer to 60 seconds  
**Right** - Sets the timer to 20 seconds

**Key Selling Points:**

- The product features an integrated PIR sensor, so the light source is triggered by movement.
- The product is battery powered, which makes it perfect for retro fitting.
- Installation is made quick and simple by the magnetic mounting plate.

**Maintenance & Care**

- To keep the finish of this product, wipe over with soft cloth periodically.
- Do not use harsh chemical solvents, this may dis-colour or damage the finish.
