# PerfectSense® Premium Lacquered MDF

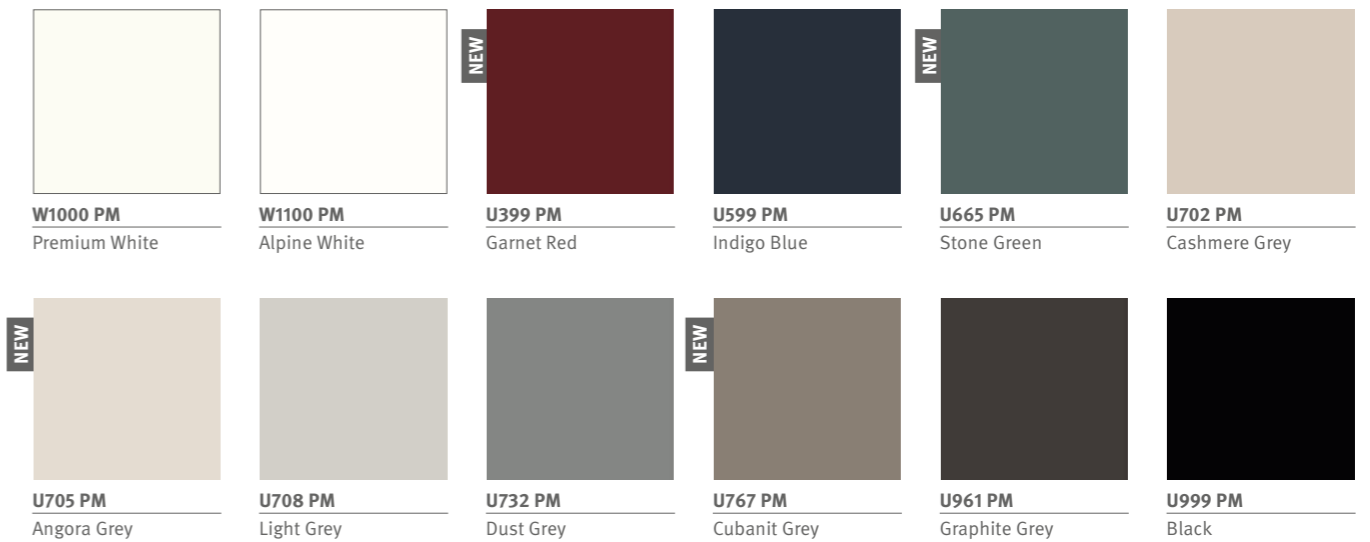

PerfectSense Premium Lacquered MDF boards in Matt (PM) and Gloss (PG) are visually striking and offer enhanced levels of durability. Suitable for vertical and limited horizontal surfaces, whether you require a velvety smooth matt surface, or a mirror-like gloss finish, the range is both stylish and practical. Matching ABS edging is available from UK stock for all decors.

## Features and Benefits

- Antibacterial surface qualities (tested according to JIS Z 2801/ISO221196)
- Scratch resistant
- Resistant to conventional stains
- Heat resistant
- Complementary PerfectSense Premium Laminate Matt and Gloss, and edging are available

## PerfectSense Premium Lacquered MDF Matt

An expanded range of on-trend Premium Matt (PM) boards offer a velvety smooth surface that evokes understated luxury. With anti-fingerprint and scratch-resistant properties, the boards provide a versatile solution for horizontal and vertical applications.

# PerfectSense® Premium Laminate

Our **PerfectSense Premium Laminate Matt (PM)** and Gloss (PG) range is particularly suited to commercial spaces where a combination of on-trend design and durability is required. The robust, lacquered finish of our matt decors are ideal for rounded or curved furniture elements, and offer a versatile and sophisticated design solution.

Complementary board materials are available for all decors, enabling a coordinated finish to easily be achieved. PerfectSense Premium Matt Door Size Laminate and PerfectSense Premium Matt and Gloss with Coloured Core are also available within the Laminate portfolio.

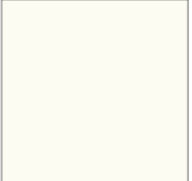

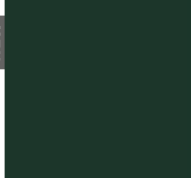

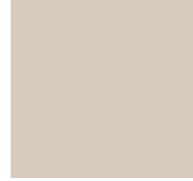

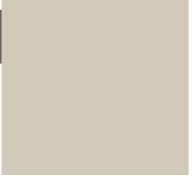

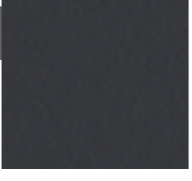

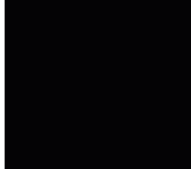

## PerfectSense Premium Laminate Matt

**PerfectSense Premium Laminate Matt (PM)** features an on-trend matt, velvety surface with anti-fingerprint properties. Suitable for mid-traffic areas, it can be used for horizontal and vertical surfaces, as well as curved elements.

# PerfectSense® Lacquered Chipboard

Our **PerfectSense Lacquered Chipboard** range offers a selection of solid colours and woodgrain reproductions on a 100% recyclable chipboard core, with anti-fingerprint technology. Designed to offer significant cost savings without compromising on quality, the ultra-soft touch, velvety matt surfaces are suitable for both residential and commercial applications.

## Features and Benefits

- Velvety warm, smooth, supermatt finish with anti-fingerprint surface properties
- Antibacterial surface properties (tested according to JIS Z 2801/ISO22196)
- 100% recyclable material
- On-trend decors and colour palette
- Resistant to conventional stains
- Resistant to many cleaning agents
- Resistant to heat and moisture
- Optimum combination with PerfectSense Premium Matt

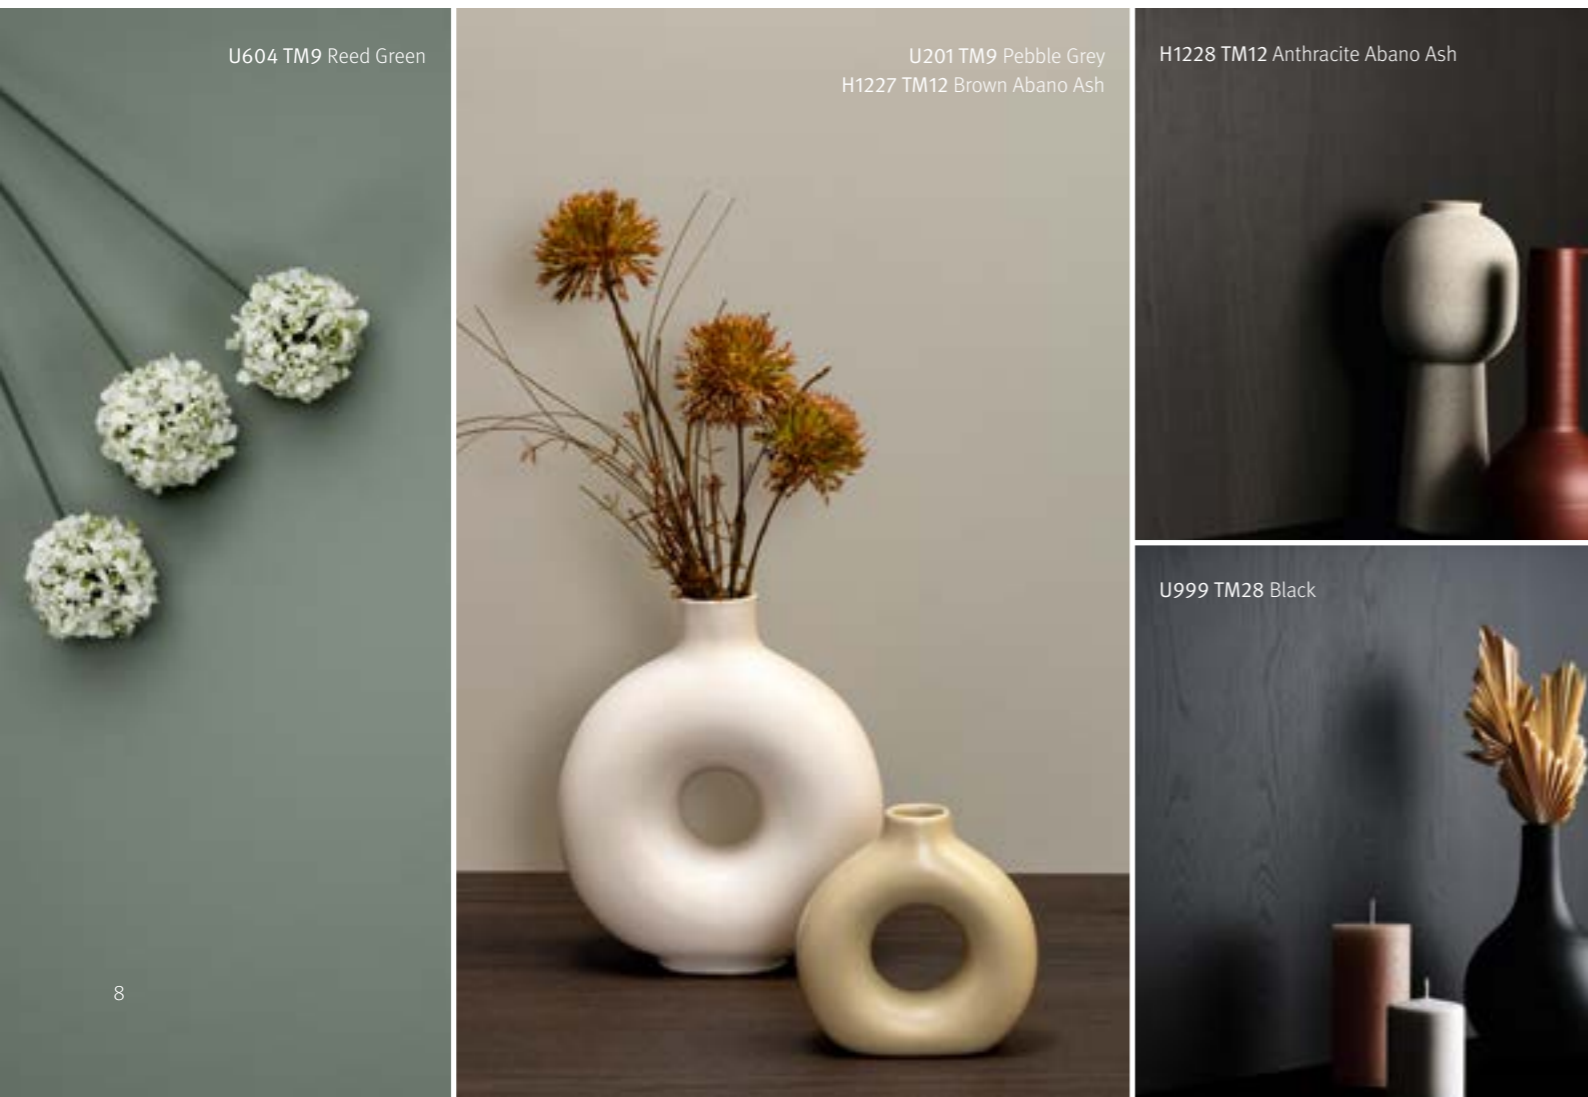

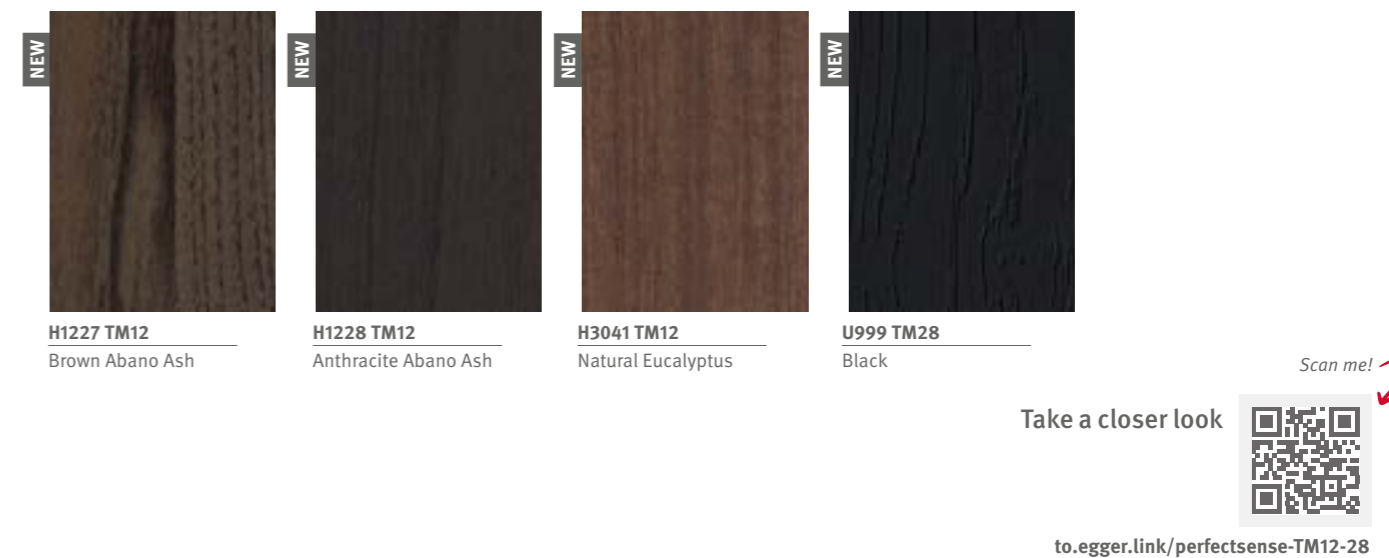

## PerfectSense Lacquered Chipboard – TM9

**PerfectSense Lacquered Chipboard TM9** answers the demand for cost-effective, environmentally sustainable interior solutions. Featuring an upgraded matt lacquered anti-fingerprint surface on our high quality chipboard core, TM9 is a 100% recyclable material. The velvety finish is suitable for various vertical applications, including frontals, end panels, and carcass material.

## PerfectSense Lacquered Chipboard – TM12 and TM28

**PerfectSense Lacquered Chipboard TM12 and TM28** offer a deep matt, realistic woodgrain effect, on a sustainable chipboard core. Our palette of decors combine a soft, anti-fingerprint matt finish with a synchronised woodgrain texture to provide a realistic, yet luxurious finish ideal for residential and commercial interiors.
