## Spoilt for choice at HPP

Businesses operating within the KBB market have become increasingly under pressure in terms of time, meaning it has never been more important to ensure the availability of sourced items for any project quickly, easily, and ideally from one distributor.

This is the understanding of UK company Hill's Panel Products, which has adopted this ethos to provide customers with a wide range of quality products, coupled with unrivalled service, support and attention to detail.

Established in 1991, HPP have seen significant growth over the years, moving them towards being one of the KBB market leaders within the UK. Their unique company philosophy and wide range of board, doors and fittings provides the industry with a single solution for almost any kitchen, bedroom or fitted furniture installation.

The company stocks a huge range of well known brands such as Egger, Fusion Synergii and Kronospan to name but a few, and is the UK's leading distributor for Blum products, and recently achieved Gold Status for the newly updated Egger Zoom Collection.

The modern and technically advanced manufacturing facility based in Oldham covers an expanse of over 140,000 square feet, with specialist departments to help manufacture boards and doors to exact measurements and specifications, keeping in tune with market demands.

You're certainly spoilt for choice at HPP with hundreds of sizes, styles and colours of board, doors, fixtures and fittings for nearly any kitchen, bedroom or fitted furniture application. The new trade counter showcases the vast HPP range of both full sheet

and cut & edged boards, many of which come in 15mm & 18mm thicknesses, with some popular boards available in 8mm. A variety of HPP's vinyl wrapped doors, Duo PVC edged doors and innovative new range of Glide doors are also on show, alongside some of the most stunning wirework, lighting, handles, hinges, worktops and Blum products currently on the market.

Most products are available for next day UK delivery. Whether you're in Manchester, London, Glasgow or further a field, HPP are able to deliver on time, to your exact specifications.

The company's bespoke vinyl wrapped door service also offers unrivalled quality and product choice, all of which can be specified either in-store or over the phone, and manufactured and delivered to specification within no more than seven working days.

The entire HPP product range is easily accessible via a number of channels. Customers can buy online at [www.hpponline.co.uk](http://www.hpponline.co.uk), call in to either of the Oldham or Sheffield trade counters, or order over the phone with the aid of their new 'bumper edition' product brochure, ensuring there's a solution for everyone.

Help is also on hand with friendly staff that always exhibit their true passion and wealth of knowledge for the KBB sector. The company's drive and dedication to ensure quality products, exemplary levels of customer service and after-sales care has gained them a reputation for being one of the leading industry suppliers within the UK. This has played a major role in retaining a loyal customer base, many of which have been with the company since their start up in 1991.

The future also looks bright for the company, as the newly re-designed website nears completion. This will not only offer visitors access to the entire product catalogue of board and fittings, but also all of HPP's custom and off the shelf door ranges, providing a comprehensive online ordering system with up to date pricing and technical information.
